Requirement to Provide More Information or to Revise Reclamation Cost Estimate

On December 17, 2002 we received your request to extend notice UTU-070641, along with your reclamation cost estimate. Your notice has been conditionally extended. In order to permanently extend the notice, §3809.333 requires that a financial guarantee be provided in an amount and in a form acceptable to the BLM. However, based on the notice on file with us, your reclamation cost estimate appears to be inadequate. Our calculation (see enclosed worksheet) resulted in an estimate of \$1600.00. If you agree with our calculation, please submit written concurrence to us within 30 days of receipt of this letter. We will then issue another decision requiring you to submit a financial guarantee in that amount within 60 days of receipt of that decision.

If you would like to discuss the option of filing a financial guarantee for part of your operations (§3809.553), or if you do not agree with our calculation, you can use the enclosed Reclamation Cost Estimation Summary Sheet to revise the amount. Please be sure to carefully document for which portion of your operation you are calculating the estimate, or how you believe we have erred in calculating the reclamation cost. If you need assistance, please contact this office at (435) 743-3100.
